THE PRESIDENTIAL ELECTION OF 1908.

Presidential electors will be voted for in each State of the Union November 3, 1908. The electors so chosen will subsequently meet in their respective States, cast their ballots for president and also for vice-president of the United States, make lists of the persons voted for, with the number of votes cast for each, sign and certify the lists and then transmit them, sealed, to the president of the Senate in Washington. The president of the Senate, in the presence of the Senate and House of Representatives, opens all the certificates, the votes are then counted and the result declared. If no candidate for president has a majority, then the House of Representatives elects one of the three having the largest number of electoral votes, each State casting one vote. The same is done in the case of the vice-president, except that one of the two candidates having the largest number of electoral votes is chosen.

The total number of electoral votes in 1908 being 483, the winning candidate must have 242.

THE ELECTORAL COLLEGE.

In five states in 1892 the electoral vote was divided: California gave 8 electoral votes for Cleveland and 1 for Harrison and Ohio gave 1 for Cleveland and 22 for Harrison; in Michigan, by act of the legislature, each congressional district voted separately for an elector; in Oregon 1 of the 4 candidates for electors on the people's party party ticket was also on the democratic ticket; in North Dakota 1 of the 2 people's party electors cast his vote for Cleveland, thus causing the electoral vote of the state to be equally divided among Cleveland Harrison and Weaver. In 1896 California gave 8 electoral votes to McKinley and 1 to Bryan; Kentucky gave 12 to McKinley and 1 to Bryan. In Maryland in 1904 7 of the presidential electors chosen were democrats and 1 republican.

Platform

Adopted by Indiana Republican State Convention, 1908.

Following is the platform as reported by the committee on resolutions and unanimously adopted by the convention:

ROOSEVELT ENDORSED.

We unreservedly and enthusiastically indorse the administration of Theodore Roosevelt. Upon his initiative and under his guidance the Panama canal has been begun and is rapidly being driven to completion. Upon his recommendation Congress has passed many laws which secure greater rights for the people and insure that honesty in business upon which alone permanent prosperity is builded.

Many of these laws, such as the law establishing the Department of Commerce and Labor, the pure food law, the meat inspection law, the railroad rate law and the irrigation law, will be historic in their permanence and increasingly salutary in their good effects for all the people. President Roosevelt's fearless and impartial enforcement of law, regardless of the wealth and power of the law-breaker, has secured not only greater observance of and respect for law than ever before, but also has quickened the moral sense of the nation. His great work in ending the war between Russia and Japan is one of the proudest achievements in the history of American statesmanship. His policy of strengthening the friendship between our own country and the republics of South America is far-reaching and profound in its good effect upon our commerce, and an invaluable aid toward maintaining peace throughout the world. The dispatch of our fleet to the Pacific has cemented the friendship of all South American countries toward us, and increased their respect for us, as it will strengthen the friendship and increase the respect of every country it visits.

The Republicans of Indiana, voicing the opinion of the great majority of the people, and all parties, congratulate President Roosevelt on his administration of the country's affairs and pledge our continued support of his policies.

AGAINST CORPORATION CONTRIBUTIONS.

The Republican party notes with pleasure the growing determination to eradicate political corruption from whatever source the same originates; and to the

end that the party may respond to that sentiment, we oppose the contribution to political parties for campaign purposes by corporations of the State or nation, or by officers or persons in the behalf of such corporation, and we hereby commend the Indiana Republican State central committee for its refusal to accept contributions from corporations within or without the State.

We demand the most rigid economy in public expenditures and are opposed to the creation of unnecessary public offices.

ARMY, NAVY AND PENSIONS.

The Republican party always has favored a small standing army and a moderate navy; and notwithstanding the taking over of the Philippines and Porto Rico, and the guardianship of Cuba, the 63,000 men of our standing army and 38,000 sailors now in the service of the navy are proof of its adherence to that policy. The preservation of this policy has enabled us to pay liberal pensions to our soldiers and sailors and their widows and orphans. The pension appropriation this year is the largest in the history of the country, amounting to the magnificent sum of $150,869,000. In the last two years 322,000 soldiers have had their pensions increased by general law, and 8,000 private pension bills have been passed. We also congratulate the country in the proposed widows' pension law, now in conference between the two houses of Congress. The present administration of the Pension Bureau also has increased pension rates and liberalized the pension rules, all of which manifest the enduring gratitude of the republic to its heroes.

CURRENCY AND BANKING.

We favor such modification of our financial system as will supply the growing needs of industry and commerce, with a sufficient currency to minimize periodic money stringency; but such currency must always be so safeguarded that there shall be no doubt of its prompt redemption in gold, and we congratulate the country on the fact that the Congress of the United States is now engaged in the solution of this great problem. We also favor such regulations respecting banking as will secure and maintain confidence in the integrity of our banking institutions.

WELFARE OF WAGE EARNERS.

Throughout its whole history the Republican party has been inspired with an intelligent and enduring interest in the welfare of the wage earners. The Republican party came into being as an advocate of the dignity of labor and in behalf of the cause of free labor. Its cardinal purpose has been the maintenance of the American standard of wages and of living, and since the days of Abraham Lincoln, in State and nation, it has enacted laws in the interest of labor and the upbuilding of a progressive industrial system. The Republican party is pledged to a progressive program of labor legislation, and now renews that pledge to meet the just demands of the workingmen of the country. We believe in the equal protection of the laws, and pledge the party to an impartial enforcement of the laws in favor of and against all alike.

RAILROADS AND COMBINATIONS.

We approve the laws enacted for the proper regulation of the railroad corporations and other combinations of capital, and we pledge the party to all additional safeguards necessary to a complete regulation of these combinations in the interest of trade and commerce, and in the interest of the general welfare of the people.

REVISION OF THE TARIFF.

The last convention of the Republican party in the State of Indiana declared in favor of revision of the tariff whenever such revision will do more good than harm. Protection never was a matter of schedules, and while reaffirming the time-honored doctrine that there shall always be discrimination in duties that will fully protect the wage earner in the United States, we never have desired a higher rate than would accomplish that purpose, and have always contemplated revision from time to time as the ever changing conditions might make wise. We believe that revision would be now beneficial, and to minimize the harmful disturbance that tariff changes necessarily produce, we insist that revision be speedily done. We therefore favor the calling of an extra session early in November, 1908, to make such revision, and recommend that Congress take immediate steps to secure the proper data by experts for intelligent revision as advocated by our senators and repre-

sentatives from this State; but we also insist that in such revision the protective principle shall be maintained and that maximum and minimum rates be imposed so that our export trade can be amply protected and foreign discriminations against us be prevented.

OCEAN MAIL SERVICE.

We favor the extension of the United States mail service upon the surrounding seas, in the interest of the public business and the establishment and extension of foreign trade, especially with South America; but we would limit the appropriation therefor to legitimate services performed in carrying the mails on the ocean in the same manner as appropriations are made for carrying the mails on land.

BUREAU OF MINES—ARBITRATION.

The appalling loss of life occasioned by mine disasters throughout the country in recent years demands an investigation of the causes which produce these disasters, so that proper steps may be taken by the general government and the various states to prevent their recurrence. Miners and operators both have petitioned Congress for relief through the establishment of a bureau of mines and mining for the investigation of these important questions. In pursuance of these important questions we solicit the Indiana delegation in Congress to support the pending proposition for the establishment of a bureau of mines and mining in the interest of preservation of human life.

We favor the settlement of all international differences by arbitration; and also favor arbitration in the settlement of disputes between capital and labor.

WATERWAYS, ARID LANDS AND FORESTS.

We favor a systematic, progressive and liberal improvement of our canals, rivers and harbors, and an adequate annual appropriation therefor is hereby recommended. We favor the continuance and extension of the reclamation service by which the arid lands of the United States are made productive. We also favor the preservation and conservation of our forests in the interest of adequate supply, for navigation and for the protection of the timber supply of the country.

CHILD SLAVERY DEPLORED.

The laws of Indiana controlling the employment of children are universally recognized as just, salutary and humane. They were passed by a Republican legislature, and are beyond criticism.

In great sections of the country a system of actual slavery of children exists, revolting to the human mind. Every power of the nation should be exercised to end it everywhere in the republic. The children of the country are its chief wealth and its hope, and we demand that Congress use all its power to end child labor throughout the entire nation.

REPUBLICAN LEGISLATION IN INDIANA.

The Republican party for twelve years has been intrusted by increasing majorities with the entire administration and control of the public affairs of our State. During this period the executive and judicial departments have enforced the laws justly and impartially, while the legislative department has enacted many important measures at the will and for the good of the people. Of these we mention:

1. The labor commission.
2. Railway commission and rate laws.
3. County and township reform laws.
4. The factory and mine inspection law.
5. The private banking law.
6. The depository law for all public funds.
7. Laws turning all fees into the treasury and paying salaries only to public officers.
8. Creating and regulating trust companies.
9. Regulating insurance companies.
10. Pure food and drug laws.
11. Anti-trust and monopoly laws.
12. Laws securing nonpartisan management of our benevolent, reformatory and penal institutions.
13. Mortgage exemption laws.
14. Laws giving the people in their several localities power to prevent the sale of liquors.

LAWS PROPOSED FOR 1909 SESSION.

The Republican party has fought the fight for honesty and integrity in every office; and for swift and impartial enforcement of the laws. It advocates and enforces the maxim that a public office is a public trust, which must be discharged with strict fidelity. In this work the Republican party will not falter or

halt, but will advance the cause of reform and better government as fast as the same can be wisely worked out, with the approval and continued support of the people. Our short legislative period limits the ability of the General Assembly to frame and enact all necessary legislation in one session. At the next session we recommend the passage of laws on the following subjects:

1. A practical primary election law.
2. A law revising and simplifying the practice in courts, and abolishing technicalities.
3. Our laws concerning public service and other corporations are scattered through the session laws since 1850, and are confused, conflicting and often inadequate for present needs. We therefore recommend that a bill be framed prior to the meeting of the next legislature for its consideration, revising and amending the corporation laws, and better regulating the use of public franchises and for the suppression of fictitious and watered stock, and carefully safeguarding the right of the people in the enjoyment of all public utilities.

REMONSTRANCE AND COUNTY LOCAL OPTION.

The Nicholson law as originally enacted was the work of a Republican legislature, and the Moore amendment thereto was passed by a Republican General Assembly.

By this legislation the people of every township and of every city ward in the State have been given the opportunity to say for themselves whether the retail liquor traffic shall be permitted in their respective communities.

Both the original statute and the amendment thereto have been construed and sustained by the supreme judicial tribunal of the State, and have now a well-understood and accepted meaning.

The extent to which the people have made use of them is indicated by the fact that since the enactment of the Moore amendment the saloon has been excluded from many communities of the State.

We favor the preservation of these statutes without impairment, in letter or by implication, and their reinforcement where necessary, and in addition and supplementary thereto we favor the enactment of a county local option law extending to the people of the respective counties of the State the right to exclude the saloons therefrom by vote at a special election.

GOVERNOR HANLY INDORSED.

We indorse the administration of Governor J. Frank Hanly and other state officers, and pledge ourselves to carry forward the business methods and enforcement of law that has stood out so prominently in their direction of the affairs of state.

NO SALARY INCREASE DURING TERM.

We are opposed to the increase of the salary of any public officer in the State for the term of office for which he has been nominated or elected; and we favor the enactment of an amendment to the constitution of the State of Indiana prohibiting any such increase; and until the adoption of such amendment we declare it to be the fixed policy of the Republican party to oppose any such increase.

STATE LABOR LEGISLATION.

The Republican party has always been a friend of organized labor and wage earners, and now pledges itself for such legislation in the State of Indiana as will be fair, just and equitable to all branches of labor, however employed. And we further recognize the right and equitable principle of arbitration in labor disputes, and pledge ourselves for the enactment of such laws in harmony with the principles herein pronounced as will be beneficial and wholesome to all concerned.

It is recognized that fuel is an essential element in our industrial development, and the need of proper safety appliances to protect those engaged in the hazardous occupation of mining is apparent to all, and we pledge our support to the enactment of such just and proper laws as will improve the ventilation in mines, provide more efficient safety appliances for the protection of the mine workers, and the rigid enforcement of all law for the protection of the miner, and also recommend that the appointment of mine inspector be vested in the governor.

We commend the law abolishing prison contract labor in our penal and reformatory institutions, and the establishment of an account system and trade schools. In so doing we have minimized competition with free labor, and at the same time we are giving the inmates of these institutions such education and training in industry and handicraft as will enable them to be returned to their people and to society as self-reliant and self-supporting citizens.

ELECTION OF ALL DELEGATES ON SAME DAY.

In the interest of the wholesome expression of the political sentiment of individual communities, that they may be uninfluenced by outside interference, we hereby recommend to the Republican State committee the adoption of rules that shall require all delegates to State nominating conventions to be elected at the same time, on a call of the State committee; also that congressional nominating primaries or conventions held to select delegates to congressional nominating conventions of each district shall be held on the same day on call of the congressional committee of each of the several districts.

DEPOSITORIES FOR PUBLIC FUNDS.

A Republican Legislature enacted a law establishing depositories for public funds and providing that all interest on such funds shall accrue to the people, thereby revolutionizing the fiscal policy of local and State government, creating new and substantial revenues for each, and closing the door to abuses flagrant and long standing.

FAIRBANKS FOR PRESIDENT.

The Republicans of Indiana present to the Republicans of the nation and to the Republican national convention, Charles Warren Fairbanks, as a candidate for President.

We know him. Distinguished place and high commission have revealed his worth. His character, public service, and ability are such as to deserve the thoughtful consideration of the convention.

He believes in the principles of the party, its present purposes. He has long been identified with its work, and has for years borne a distinguished part in its campaigns. He is wise in council. His judgment is deliberate and sound. He possesses a steadfast purpose and conservative courage. His heart is kind; his sympathies sincere and wise; his dignity modest, but real; his sense of justness exact, equal and abiding. His private life is pure; his home life ideal; his public life unblemished.

For these reasons we instruct the delegates-at-large elected by this convention and the district delegates heretofore elected, to present his name to the national convention and spare no effort to secure his nomination as the Republican choice for the next presidency.

ABLE REPRESENTATION IN CONGRESS.

We have pride in the fact that no State in the Union is more ably represented in the Senate of the United States than Indiana. We compliment the people upon the return of Albert J. Beveridge to the United States Senate through the act of the Republican Legislature of 1905, following the election of 1904; also upon the election of James A. Hemenway to fill out the term in the Senate of Charles W. Fairbanks, who resigned to become the Vice-President of the United States. The long and faithful service of Mr. Beveridge and Mr. Hemenway in the Congress has fully justified the high confidence which has been placed in them by the State. We approve, unqualifiedly, the course of each of these eminent citizens of Indiana. We earnestly advocate the continuation of them in the public service in which they are now engaged. And, inasmuch as the Legislature which will choose a successor to Senator Hemenway will be elected this year, we commend him to the General Assembly of 1909 as the choice of the Republicans of Indiana, and we hereby heartily indorse him for reelection.

Our members in the National House of Representatives have discharged in a statesmanlike manner their several important duties, and have well earned the gratitude of all the people of the State.

NEW AND GOODRICH INDORSED.

We commend the faithful and energetic services of Harry S. New as the representative of the Republican party of the State upon the national committee, and we, therefore, instruct the delegates-at-large elected by this convention and the district delegates heretofore elected to again select him as the member of the national committee for the State of Indiana.

The Republicans of Indiana appreciate the efficient and able service of James P. Goodrich as chairman of the State committee for the last seven years. He has been alert in the discharge of his duties and under his leadership the party has gained greater and more decisive victories. He has used every honorable means at his command to secure a faithful performance of the party pledges, and this service has been rendered wholly in the interest and for the general welfare of the people.

Political Information.

ELECTION NOTES.

There Are

92 Counties in Indiana.
1014 Townships in Indiana.
3836 Precincts in Indiana.
13 Congressional districts in Indiana.
50 State Senators in the Senate of each General Assembly.
100 Representatives in the House of each General Assembly.
The Sessions of the General Assembly are held biennially.
2 United States Senators in the Congress.
13 Representatives in the Congress.

THE NEXT ELECTION.

The next election will take place on Tuesday, November 3, 1908.

The date of the election is provided for by the statutes of Indiana, which reads as follows:

"Section 4678 R. S. 1881. A general election shall be held on the first Tuesday after the first Monday in November, in the year one thousand eight hundred and ninety-two and biennially thereafter on the same day, at which election all existing vacancies in offices and all officers, the terms of which will expire before the next general election thereafter, shall be filled, unless otherwise provided by law."

QUALIFICATIONS OF VOTERS IN INDIANA.

A person to be permitted to vote, must be a male citizen 21 years old or over, or a male 21 years or over who shall have declared his intention of becoming a citizen.

The voter must have resided in the State at least six months, in the township 60 days, and in the precinct 30 days, immediately preceding the election.

This does not apply in the sense of actual bodily residence to persons who have an established citizenship. As, for instance, a citizen of Indiana may be absent from the State five years or longer, so he does

not establish a regular home, or vote elsewhere, and can return and vote the same day of his arrival. The residence conditions apply to persons making actual removals, and offering to vote at places where they were not accustomed to vote before.

An unmarried man may claim his residence and vote almost anywhere he pleases, so he does no act inconsistent with his claim.

Voters disabled physically, or who are unable to read the English language, may be assisted by the poll clerks in making out their ballots. In all other cases the voting must be secret.

Any citizen is entitled to challenge an illegal voter.

A challenged voter can "swear in" his ballot, but may be prosecuted afterward if the vote is illegal.

NATURALIZATION LAWS.

Minors.

Any alien under the age of twenty-one years who has resided in the United States three years next preceding his arriving at that age, and who has continued to reside therein to the time he may make application to be admitted a citizen thereof, may, after he arrives at the age of twenty-one years, and after he has resided five years within the United States, including the three years of his minority, be admitted a citizen; but he must make a declaration on oath and prove to the satisfaction of the court that for two years next preceding it has been his bona fide intention to become a citizen.

Children of Naturalized Citizens.

The children of persons who have been duly naturalized, being under the age of twenty-one years at the time of the naturalization of their parents, shall, if dwelling in the United States, be considered as citizens thereof.

Citizens' Children Who Are Born Abroad.

The children of persons who now are or have been citizens of the United States are, though born out of the limits and jurisdiction of the United States, considered as citizens thereof.

Chinese.

The naturalization of Chinamen is expressly prohibited by Section 14, Chapter 126, Laws of 1882.

Protection Abroad to Naturalized Citizens.

Section 2,000 of the Revised Statutes of the United States declares that "all naturalized citizens of the United States while in foreign countries are entitled to and shall receive from this government the same protection of persons and property which is accorded to native-born citizens."

THE RIGHT OF SUFFRAGE.

The right to vote comes from the State, and is a State gift. Naturalization is a Federal right and is a gift of the Union, not of any one State. In nearly one-half of the Union aliens (who have declared intentions) vote and have the right to vote equally with naturalized or native-born citizens. In the other half only actual citizens may vote. The Federal naturalization laws apply to the whole Union alike, and provide that no alien may be naturalized until five years' residence. Even after five years' residence and due naturalization he is not entitled to vote unless the laws of the State confer the privilege upon him, and he may vote in several States six months after landing if he has declared his intention, under United States law, to become a citizen.

INSTRUCTIONS FOR FILING CERTIFICATES OF NOMINATION.

NOTE.—Certificate of nomination for State office must be filed with the Governor not more than sixty and not less than twenty days before election. See R. S. 1901, Sec. 6218.

NOTE.—Not less than eighteen days before an election in the State the Governor shall certify to the County Clerk the name of each person nominated as shown in certificates and petitions on file in his office. R. S. 1901, Sec. 6219.

NOTE.—Certificates of nomination for Joint Senator or Congressman must be filed with the Clerk of each county in the district not more than sixty and not less than fifteen days before the election. R. S. 1901, Sec. 6218.

NOTE.—Certificate of nomination for Joint Representative must be filed with the Clerk of each county in the district not more than sixty and not less than fifteen days before the election. R. S. 1901, Sec. 6218.

NOTE.—Certificates of nomination for county offices must be filed with County Clerk not more than sixty and not less than fifteen days before the election. R. S. 1901, Sec. 6218.

The above provisions apply generally to city and town elections. The city and town clerks to perform the duties required of county clerks. The duties of county commissioners to be performed by city councils and town trustees, and the duties performed by sheriffs shall be performed by city chiefs of police and by town marshals. R. S. 1901, Sec. 6261.

Where a State, District, County, Township, City, or Town nomination is certified, be careful to insert the word "State," "District," "County," "Township," "City" or "Town" in the proper places in the blank spaces.

Spell first name of candidate in full—initial letter is not sufficient; best have candidate write out his own name before you insert in certificate.

ABSTRACT OF ELECTION LAW.

Where Elections Must be Held.

An election must be held at the place designated by the Board of County Commissioners, unless from absolutely unavoidable circumstances it can not be done. If it can not be held at the place so designated, then the Election Board should meet at, or as nearly as possible, the place so designated, and there organize a board, and then adjourn to a place available and nearest to the one so designated, not, however, outside of the precinct. In such an instance care should be taken to see that no voter loses his vote by not finding the new voting place; and, if necessary, some person should be stationed at the place so designated by the Board of County Commissioners, to notify the voters of the change and where the actual voting place is situated.

Paster Tickets.

The law permits the use of complete pasters, by which is meant a complete ticket pasted on the ballot by the voter, without the knowledge of the Election

Board. If such a ballot be found in the box, the Election Board must carefully examine the law, and if it does not comply with its provisions, it is void and should not be counted. (Sec. 76.)

Watchers.

Each of the four political parties that cast the largest vote at the last November election, and which has a place on any of the official ballots, is entitled to one watcher at each precinct, at the canvass of the vote. Each watcher must present to the Election Board, before he enters the election room, credentials signed by the township or county chairman of the party which he represents, showing him to be the duly authorized watcher for his party. No person other than the Inspector, Judge, Poll Clerks, Election Sheriffs and Watchers can be permitted in the election room during the canvass of the votes (Sec. 82). No watchers can be present during the voting.

Instructions to Voters.

First. You must get your ballot and the blue pencil from the Polling Clerks in the election room.

Second. If you desire to vote a straight ticket, then make a cross, thus X, within the large circle at the head of the ticket containing the device of the party for whose candidates you desire to vote. If you do not desire to vote a straight ticket, you must not make a cross in the large circle containing the device of a party, but must make a cross, thus X, on the small square to the left of the name of each candidate for whom you desire to vote, on whatever list of candidates it may be. If the large circle at the head of the ticket is marked with a cross, or otherwise, and the ballot is marked with a cross, or otherwise, at any other place, it will be void, and can not be counted unless there be no candidate for some office in the list printed under such marked device, in which can you may indicate your choice for such office by marking a cross, thus X, on the square to the left of the name of any candidate for such office on any other list. The cross must be placed within or on the circle or square, or the ballot will be void and can not be counted.

Third. Do not mutilate your ballots, nor mark them, either by scratching off a name or writing one upon them, nor in any other way put a mark upon

them, except by placing one in the circle or on the squares, as above described. Otherwise the ballot will not be counted. You must not put any mark of any kind upon your ballots except in the manner above described.

FOURTH. After you have marked your ballots, and before you leave the election booth, fold them up separately so that the face of each one can not be seen, and so the initial letters of the names of the Polling Clerks on the back thereof can be seen. Then hand your ballots to the Inspector, the pencil to the Polling Clerks, and immediately leave the election room.

FIFTH. If you are physically unable to mark your ballots, or can not read English, so inform the Polling Clerks, and make an affidavit to that effect. They will then go with you into the election booth and you can tell them how you desire to vote, and they will mark your ballot for you. Neither you nor the Polling Clerks must permit any other person to hear or see how your ballot is marked. It is a penal offense to declare you can not read English or can not mark your ballot if, in fact, you can.

[In no case can the ballots be marked by the Polling Clerks if the voter can read the English language and is physically able to mark his ballot. Nor can they mark it until the voter has made the proper affidavit.]

SIXTH. If you should accidentally, or by mistake, deface, mutilate or spoil one of your ballots, return it to the Poll Clerks and get another one of the same kind.

SEVENTH. You must not accept a ballot from any person outside of the election room. Any ballot outside is fraudulent; and it is a penitentiary offense to have it in your possession, whether you attempt to vote it or not.

EIGHTH. You must not attempt to hold any conversation in the election room except with members of the Election Board and the Polling Clerks.

NINTH. Use only the blue pencil handed you by the Polling Clerks in marking your ballots. If you mark with any other pencil your ballot so marked will be void and will not be counted.

TENTH. You must not put any mark of any kind on your ballot except as above described.

ELEVENTH. If you are unable to vote by machine on account of physical disability or inability to read English, and make an affidavit to that effect, you will

be instructed or assisted by the Polling Clerks, as in the case of voting by ballot. If you request it, you will, upon being registered by the Polling Clerks, be instructed by them as to the manner of voting by machine. You can not remain in the voting machine booth more than one minute; and no person can be in or near the machine when a voter is in the voting machine booth unless it is the Polling Clerks while instructing or assisting a voter.

Voting by Machine.

1. The election officers in precincts where voting is done by machines will be the same as in voting by ballot.

2. All laws relating to the secrecy of the ballot and the number of persons permitted in the room apply as well to machine voting as in voting by ballot. No voter can be permitted to remain in the voting booth more than one minute. (Sec. 215.)

3. When the voter enters the election room he must announce his name to the Polling Clerks, who must register it in the same manner as when voting by ballot.

4. The laws as to qualifications of voters, and as to challengers are the same in case of machine voting as in voting by ballot.

Instructions to Voters.

1. Voters who are unable to vote by machine on account of physical disability or inability to read English, and who make an affidavit to that effect, must be instructed or assisted by the Polling Clerks, as in the case of voting by ballot.

2. If the voter requests it, he must, upon being registered by the Polling Clerks, be instructed by them as to the manner of voting by the machine.

Inspectors.

An Inspector must have been a freeholder and a resident householder of his precinct for one year, or a resident householder for two years immediately preceding the day of election. If no person qualified to act will consent to serve as Inspector, or if there be no person residing in the precinct qualified to act as Inspector by reason of the fact that he has not been a resident householder within the precinct for

two years, or a freeholder and householder for the year next preceding the election, then any qualified voter of the precinct may be appointed. (Secs. 25, 26, 29.)

An Inspector must not have anything bet or wagered on the election, nor be a father, father-in-law, son, son-in-law, grandfather, grandson, brother, brother-in-law, uncle, nephew, or first or second counsin of any candidate at the election.

Appointing Judges.

Before opening the polls the Inspector must appoint two Judges, one from the Republican and the other from the Democratic party. (Sec. 26.) The Chairmen of the Republican and Democratic County Committees have the right to name these Judges, but must do so at least one week before the election. (Sec. 25.) If a member of the Election Board fails to appear at the hour for opening the polls, the remainder of the Board must select a member from his political party to serve in his stead. The qualified voters of his party present at the polls may nominate a qualified person for the vacancy, and he must be appointed. If no member of the Election Board appear at the hour appointed for opening the polls, the qualified voters present must elect a Board viva voce as nearly as possible in conformity with the requirements above stated. (Sec. 26.)

Election Judges.

Election Judges have no duties except as members of the Election Board, which see. They must be qualified voters of the precinct and have been freeholders and resident householders therein for at least one year, or householders for at least two years next preceding the day of election, and be members of different political parties and of the parties which cast the highest number of votes in the State at the last November election. If no persons who are qualified will consent to serve as such Judges, or if there are no persons residing in the precinct qualified to act as Judges by reason of the fact that they have not been resident householders within the precinct for two years, then, in that case, any two electors of the precinct may be appointed as such Judges.

Election Boards.

The Election Board is composed of the Inspector and the two judges representing the two leading political parties. No person except these three has any voice in determining any question arising for the Board's decision. (Secs. 25 and 26.)

Nomination of Poll Clerks.

The first duty of an election Board is the appointment of Poll Clerks, who must be qualified electors of the precinct and representatives of the two leading parties. If nominations have been made by the chairmen of these two parties, such nominees must be appointed. (Sec. 27.)

The polls must be kept continuously open from 6 a. m. to 6 p. m., unless after 4 p. m., when there has been no vote tendered for fifteen minutes, the board may, by unanimous consent of all its members, close the polls. (Sec. 34.)

Adjournments Forbidden.

After the polls open at the election, the board can not adjourn nor take any recess until all the votes have been counted and the returns made out and the result publicly announced. *The meals should be served the board in the election room, and the polls kept open, so that no delay shall be had in the voting.* (Sec. 99.)

Right of Election Board to Challenge.

The right of any person offering to vote may be challenged by either challenger present, by any member of the Election Board, or by any voter of the precinct. (Sec. 71.)

Interpreter.

If any member of the Board requests it, an interpreter may be called to aid in instructing a voter, but the interpreter has no right to mark the ticket or see it marked. (Sec. 75.)

Poll Clerks.

Poll Clerks must be qualified voters of the precinct and taken from the two leading parties. They may be nominated by the respective county committees four days prior to the election. (Sec. 27.) But, if not,

they must be selected and appointed by the Board of Election, one from each of the two leading parties. (Sec. 27.)

Election Sheriffs.

The Sheriff must appoint two special deputies as Election Sheriffs for each precinct—one from each of the two leading parties. The chairman of each of such political parties may, five days prior to the election, designate an Election Sheriff for each precinct, and if the person so appointed fails to appear, the member or members of the Election Board of his political party must appoint a person to act in his place. (Sec. 43.)

Attendance.

The Election Sheriffs must be at the polls when they open and remain until the count is concluded. (Sec. 43.) During the canvass of the vote the Sheriffs should remain in the election room with the Eelction Board.

Challengers and Poll-Book Holders.

One challenger and one poll-book holder, appointed in writing by the local chairman of each party organization, are entitled to stand at the sides of the chute next the challenge window. (Secs. 43 and 71.)

Causes for Challenge.

Under a decision of the Supreme Court of Indiana, the provision with reference to registration has been held unconstitutional, and therefore is not a cause for challenge. The following are causes for challenge: Bribery, buying votes, advising bribery, advising buying votes, selling one's vote or offering to sell one's vote; not having been a resident of the United States for one year or of the State six months, or of the township sixty days, or of the precinct thirty days immediately preceding the day of election, or being of foreign birth and not having been naturalized, or not having taken out first papers, or being less than twenty-one years of age. The naturalization of the parent whose children, on the parents' arrival in this country, were minors, naturalizes the minor children. It is also a good cause for challenge that the voter has been disfranchised by a court of this State for a period of time covering the day of election.

Mode of Challenging.

When a person is challenged he must stand aside, and can not vote unless he make an affidavit that he is a legal voter. If he make such an affidavit he is entitled to vote, unless the challenger or some other person make an affidavit that he is not a legal voter. This affidavit may be made on information or belief, but, if so, the person or persons who furnished the information must be named in the affidavit. The voter must then bring a qualified voter of the precinct as a witness, who must swear that of his own knowledge the claimant is a legal voter. Any false statement in any of the affidavits constitutes the crime of perjury. (Sec. 73.) The voter making the last affidavit must have been a freeholder and resident householder in the precinct for at least one year, or a resident householder for two years, next preceding the day of election, unless the person offering to vote shall make an affidavit that there is no person of his political party residing in the precinct who has been a freeholder and householder in the precinct for one year or a householder for two years, in which case the affidavit may be made by any qualified voter. (Sec. 71.)

Close of Count.

The Board, after canvassing the ballots, must record the results on the tally sheets and make out three certificates of the number of votes for each candidate, over the signature of all the members of the Board, and deliver one of them to each member of the Board. (Sec. 82.)

The Board must then burn, completely, all the voted ballots, except those protested, uncounted, disputed or defective. (Sec. 82.)

The disputed, protested, uncounted, and defective ballots must be preserved and returned to the County Clerk's office, in the sealed bags. Before putting such ballots in the bag, one of the Poll Clerks must endorse upon the back of each disputed, defective, uncounted or protested ballot the word "counted" or "not counted"; or, if counted in part, for whom counted, as the case may be, which statement must be signed by both of the Clerks. (Sec. 82.)

Protested Ballots.

At the close of the canvass the Poll Clerks must make memoranda on the tally sheets of the protested, uncounted, disputed and defective ballots. It is in-

tended by law that there should be separate memoranda for each ballot, specifying the objections to it. It will therefore be necessary to number the protested, uncounted, disputed and defective ballots, so that the objections may be referred to the proper ones by number. (Sec. 82.)

A paper sack is provided in which the seals of the ballot packages, and all the disputed, protested, uncounted and defective ballots must be placed; and this bag, after sealing, must be delivered to the County Clerk.

Effect of Protest.

A protest does not in any sense mean that the ballot shall not be counted. It must be counted, notwithstanding the protest, if a majority of the Board so decide, and the only persons to decide are the Inspector and the two Judges. If a ballot is counted over the protest of a member of the Election Board, it must be preserved.

Prohibited Acts.

It is punishable by fine and imprisonment for any election officer to electioneer (Sec. 90); to mark in an unauthorized way any ticket, or endeavor to ascertain how it is marked; to permit any ballots to be taken away (Sec. 61); or permit any ballot packages to be opened, or ballots removed or destroyed (Sec. 84); to disclose how any voter has voted (Sec. 90); to mark or mutilate any ballot; or to neglect to perform any duty, or in any way violate the election laws (Sec. 91).

It is punishable with fine and imprisonment for any person to remove any ballot or blue pencil from the election room, or even to have a genuine ballot in his possession (Secs. 62 and 80); to counterfeit (Sec. 83) or tamper with the ballots (Sec. 84); to remove or destroy any election supplies or conveniences (Sec. 89); to wrongfully enter the election room (Sec. 85); or to induce or attempt to induce any elector to put any unauthorized mark on or mutilate his ballot (Sec. 86); or induce or attempt to induce any election officer to violate his duty (Sec. 88).

It is punishable by fine and disfranchisement to directly or indirectly buy or offer to buy any person to vote or to refrain from voting any ticket or for any candidate, or for selling or offering to sell one's vote.

The annual meeting of the Board is held on the first Tuesday in September.

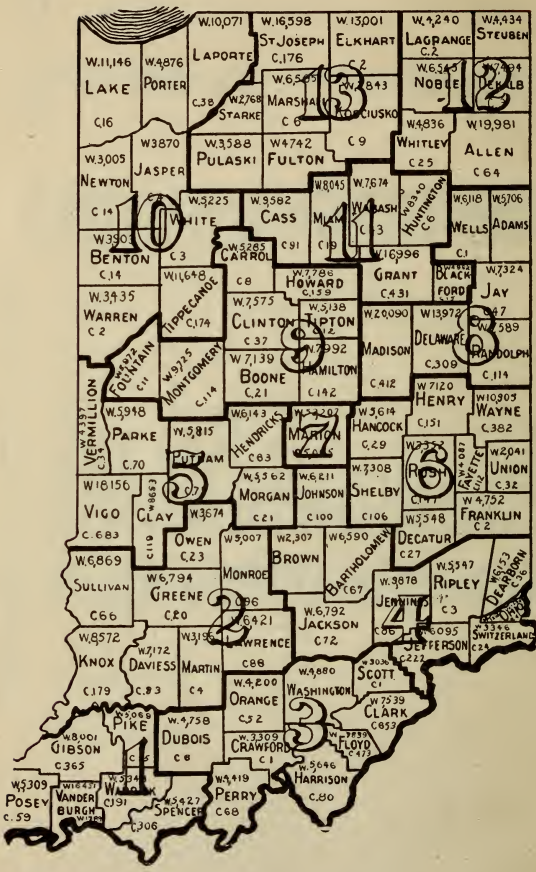
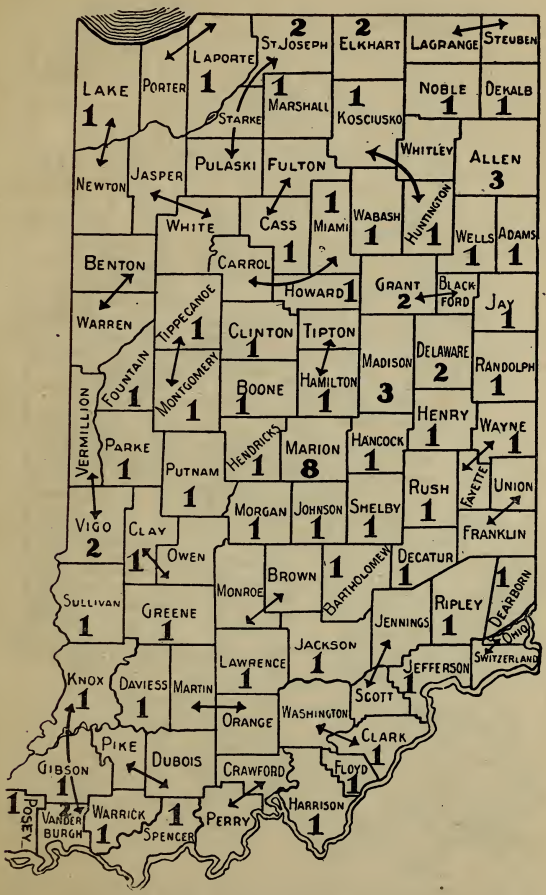
CONGRESSIONAL DISTRICTS.



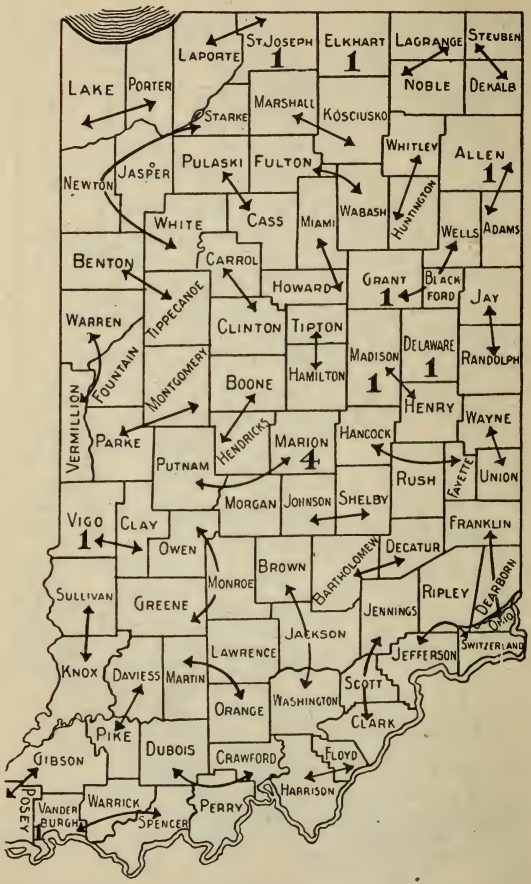
Indiana is represented in Congress by two U. S. Senators, and by thirteen Congressmen, one from each of the thirteen districts above. The small figures indicate the white and colored vote of the several counties. Every district is represented by a Republican Congressman except the Third, Fourth, Eighth and Eleventh.

STATE REPRESENTATIVE DISTRICTS.



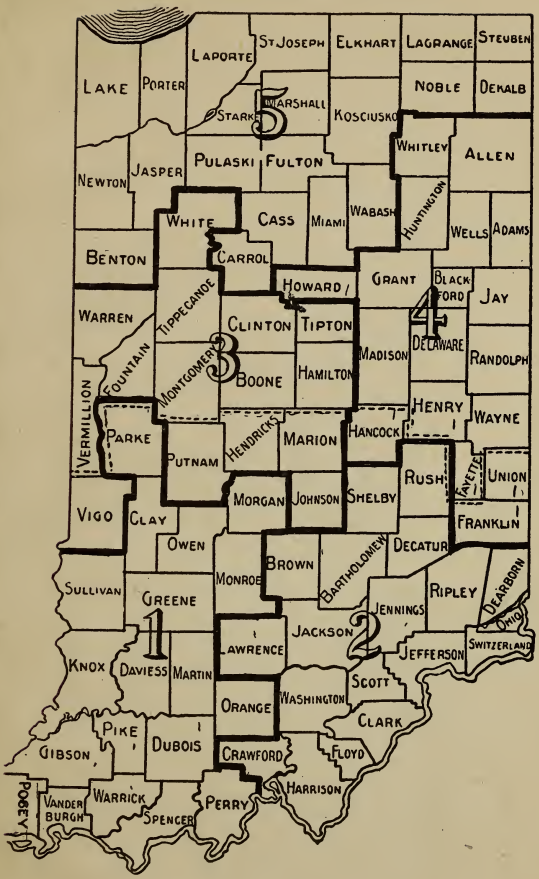
There are 100 members of the lower House of the Indiana Legislature. The districts under the 1905 apportionment are as above. Every district will elect a Representative this fall, who will serve for two years.

STATE SENATORIAL DISTRICTS.



There are fifty members of the State Senate. The 1905 Legislature redistricted the State as indicated above. Twenty-five of these districts have hold-over Senators and the other 25 districts will elect Senators this fall, who will serve for four years.

JUDICIAL DISTRICTS.



The five districts indicated by heavy lines are the Supreme Court Circuits. The counties in the south half of the State below the dotted line comprise Appellate Court District No. 1. The counties in the northern half comprise District No. 2.
